

Dear Parent/Carer,

At school we use **eSchools** which is an online system that teachers, pupils and parents can access from home and at school. We shall be using eSchools to enhance the following areas:

Parent engagement

As a parent/guardian, you will shortly receive an individual username and password, giving you access to important information regarding your child including the following:

- Newsletters
- Letters sent home
- Calendar of events
- Parents evening appointment booking

You will also be able to use the eSchools Mobile App (iPhone or Android phones) which will show you calendar events, text notifications, letters home, and give you quick access to book your parents evening appointment.

Mobile app

Take eSchools wherever you go and receive up to date notifications by downloading the mobile app!

This is just a brief overview of what eSchools offer us as a school and you as a parent. For a more in-depth insight into eSchools, please go to www.academy.eschools.co.uk.

You will receive a letter at the beginning of the academic year with regards to your login details in order to access eSchools.
