

KS1: Marvellous Me

Subject Specific Vocabulary

The body	The human body is what holds you together. It is created with a head , neck , trunk (stomach), arms and hands , legs and feet . All bodies are different shapes and sizes.
Skeleton	The human skeleton is inside the human body. The skeleton is made up of around 270 bones when a baby is born and then this goes down to 206 bones by the time you are an adult, because some bones fuse together.
Skin	The skin protects and contains the other organs
Senses	We have five senses that affect the human body, sight, hearing, taste, smell, or touch; sensations; feelings
Sight	Your eyes let you see all the things around you.
Hearing	Your ears let you listen to all the things around you. Your brain can tell what the different sounds are.
Touch	Your skin gives you the sense of touch. You can tell something is warm, cold, rough or smooth without even looking at it.
Taste	Your taste comes from your tongue. You might have some tastes that you like or dislike.
Smell	You smell using your nose.

To stay alive, all animals have 3 basic needs:

My body

To stop illness and infection spreading, we must be hygienic and keep ourselves clean. Wash your hands!

My class and school

Being special

Feelings

Following the Golden Rules

I need to:

- Recognise when I feel worried and ask for help.
- Know who I can ask for help.
- Know I am a valued part of my class.
- Recognise the choices I make and understand their consequences.
- Follow the Golden Rules.
