NO PATROL TODAY?

REMEMBER THE ...

GREEN CROSS CODE

THINK - STOP - LOOK - LISTEN - WAIT

- **Think** choose a safe place to cross. You can cross where the patrol normally stands , but make sure you can see the road and the traffic can see you. Avoid crossing near parked cars or bends.
- **Stop** on the pavement near the kerb
- **Look** both ways for traffic
- **Listen** for traffic you can't see
- **Wait** let traffic pass until you have plenty of space to cross safely
- **Cross with Care** Keep looking both ways and keep listening as you walk straight across the road
